

Parents and Players,

Welcome to the {season year - Fall 2022} Season! I will be your coach, and look forward to a fun and exciting season for players and parents alike. Jungo Sports has developed a new mobile-app tool that will help us stay connected, helping the coaching staff and the team make sure we are creating a fun and positive soccer experience for all.

So, what do you need to do? Follow the easy steps below to get started!

- Visit the [Jungo Sports Onboarding](#) landing page for support information
 - Download the app for [iOS](#) or [Google](#) App Store
 - Set-up your free profile ([Parent Profile](#) or [Player Profile](#)) - One for you and one for your player
 - You will need to use separate email accounts for each profile
 - If your child does not have any email address you can do the following. Many email addresses allow you to add + symbol before the @ in the address to allow you to provide multiple unique logins for the same address
 - [coach@gmail.com](#)
 - [coach+player@gmail.com](#)
 - By adding the + you do not need to create a new account and all email traffic will be directed to the original account.
 - Add me as your coach {ADD Name of Coach Here}
 - Look for an invite from me to connect to our Team Profile or just add our team by searching for {team name} and request to join.
- On the Jungo Website you will also find:
 - Information on functionality of Jungo
 - How-To videos and Downloadable takeaways for reference
 - FAQs
- After you are all set-up and throughout the season:
 - Provide feedback to me after games/events to help me keep a pulse on how you and your child are enjoying the experience.
 - Check the team calendar and feed for updates and information.
 - Communicate with me on any questions or concerns you have throughout the season.

Your feedback and engagement are valuable information that will ensure that this app is a useful tool for me, you, your player, and {our organization} in creating a fun season for all.

If you have questions about the Jungo App, please contact Jungo Sports through the app or via this email: Contact@jungo-sports.com.

Thank you for getting setup quickly if you have any questions about any of the above, please feel free to contact me.

Here's to a great season!
